Efficiency of Integration

Purchasing
Integration to eCommerce platforms such as Shipserv, catalog data and freight forwarders as well as ERP and Financial systems
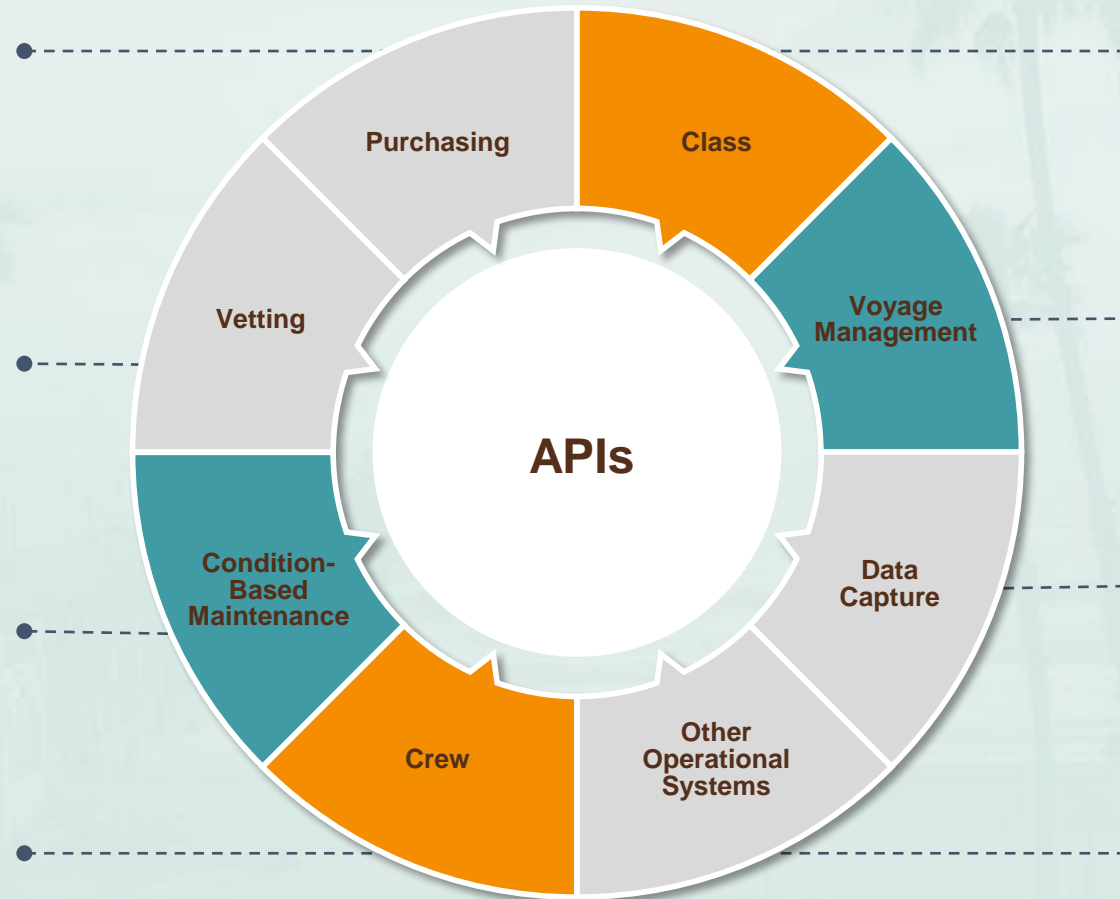

Vetting
Q88 and OCIMF integration for efficiency, easy compliance and commercial visibility

Condition-Based Maintenance
Integration to condition monitoring vendors & analytics platforms

Crew/Payroll
Integration to learning management, travel providers & union reporting, Payroll and Financial systems

Class
Integration of maintenance data to support Remote Survey, Preventative and Condition Monitoring strategies

Voyage Management
Integration to Verifiers and Thetis for MRV and DCS reporting, and weather vendors for voyage planning and charter party reporting

Data Capture
Integration of key sensor data to support accuracy in voyage and maintenance data and analytics

Other Operational Systems
Easy integration to other ERP and operational systems through configurable APIs
