

NAUTICAL SYSTEMS SUPERINTENDENT APPLICATION

Maritime Fleet Management Software

The ABS Wavesight Nautical Systems® (NS) Superintendent App enables efficient workflow by giving superintendents and managers control over work and approvals from their mobile devices so that critical tasks don't have to wait for someone to return to the office.

Powerful. Simple. **Reliable.**

Mobile Solutions Enable Digital Transformation

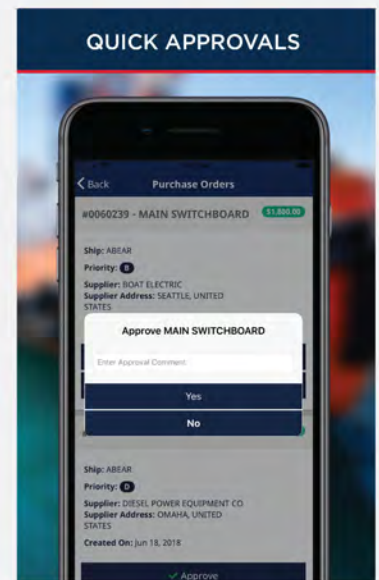

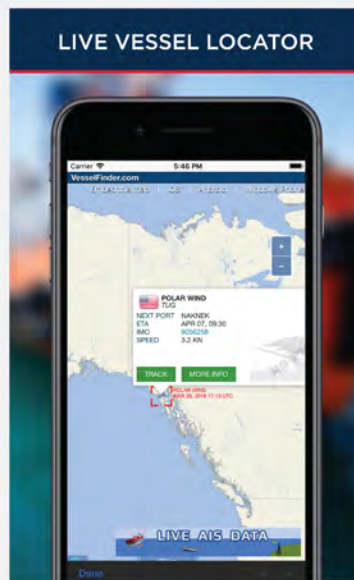

An integrated mobile platform helps to improve productivity of operations, optimize asset performance, and maintain compliance with regulatory requirements. Nautical Systems (NS) mobile applications are digital solutions that are easy to deploy and use. All NS mobile apps feature intuitive user interfaces that minimize the need for training and ensure an optimal onboard experience.

NS Superintendent App Capabilities

- Approve Purchase Orders, Invoices, Request for Quotes, Work Order Deferrals, Service Requisitions, Job Safety (risk) Analysis, Corrective Actions, and Permits to Work
- Create new Purchase Orders
- View personnel and vessel crew list
- Locate vessels easily with built-in locator
- Messaging
- Ship particulars report

*The NS Superintendent mobile app works with the NS Desktop application for simple configuration and quick adoption.
