GET ON THE LEADERBOARD!

REMINDER: You can earn points during this session! Submit your questions, answer polls and leave feedback on this presentation through the NSUC24 mobile app.

The more you use the app, the more points you earn. Winners will be announced daily.

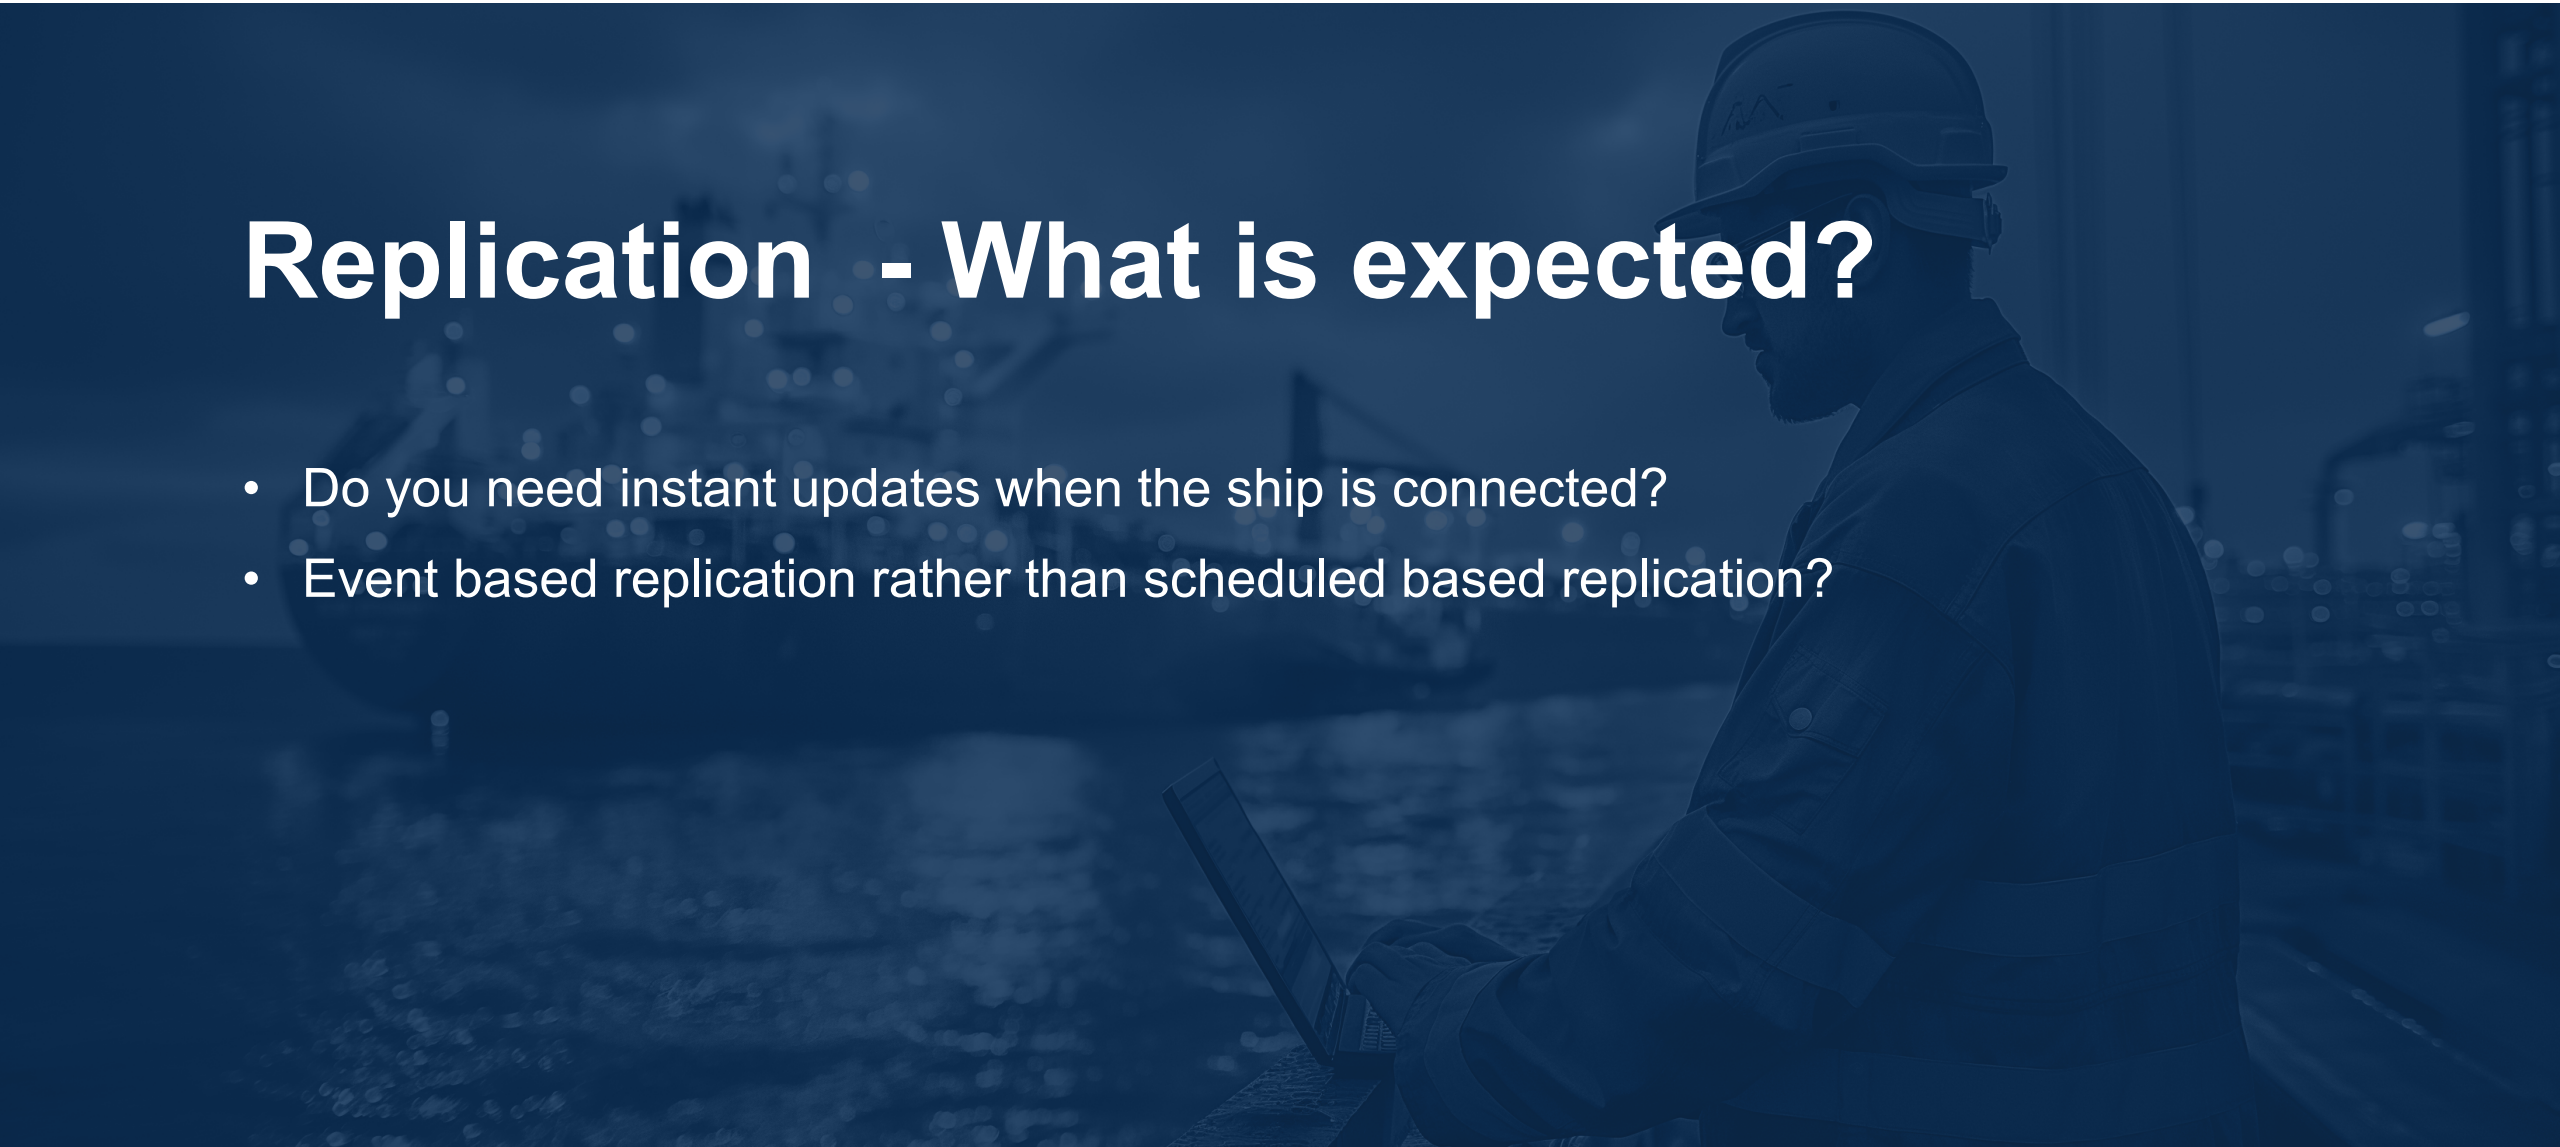
Connectivity & On-board Usage

Connectivity - What is available today?

- Fleet broadband, Starlink?

Replication - What is expected?

- Do you need instant updates when the ship is connected?
- Event based replication rather than scheduled based replication?



Onboard Usage - What is expected?

- Use central's installation to work on board?
- Do we need vessel install?
- Can mobile application replace shipboard install?
- What can we do more to make to use mobile application on vessel?

How many points did you get?

Use the NSUC app leaderboard to check your score and keep participating throughout the conference for a chance to win prizes (and bragging rights)!
